AETRAA: decisions for Ajay

6 Oct 2026 · tick Yes or No · items marked built already work, and can be undone if No

AI

1	AI reads the whole contract and lists every obligation (v5 A4), not just the 7 terms?	☐ Yes	☐ No
2	AI suggests a caption and activity for each diary photo, for a person to confirm?	☐ Yes	☐ No
3	AI reading of a scanned title block may hold a sheet that looks like another project's?	☐ Yes	☐ No
4	AI reads and summarises Arabic letters (today Document Control types them)?	☐ Yes	☐ No
5	Send customer documents to the Claude API now (D8)? No = wait for the self-hosted model	☐ Yes	☐ No
6	Use a bigger model for RFIs? built: a setting	☐ Yes	☐ No
7	AI stamp readings wait for Document Control to confirm them? built; authority-check.mjs changed	☐ Yes	☐ No

WORKFLOWS

8	Actions in the consultant's minutes go into our action tracker once DC confirms them?	☐ Yes	☐ No
9	Returned WIR/MIR replies are recorded by DC? No = QA/QC	☐ Yes	☐ No
10	Site issues needing information are numbered INF, and their RFI is raised in the RFI register? built	☐ Yes	☐ No
11	Only DC and the person the PM assigns may save the site diary?	☐ Yes	☐ No
12	Remove the "work done" section from the diary screen and prints?	☐ Yes	☐ No
13	A DC may continue their own drop that stopped part-way? Today only AETRAA can	☐ Yes	☐ No
14	PDF reference forms in v1? Excel and Word forms already work	☐ Yes	☐ No
15	Read Outlook .msg letters? Today .eml and PDF are read	☐ Yes	☐ No
16	Keep outside attendees' emails on the platform, so minutes can be sent to them?	☐ Yes	☐ No

BUILT AHEAD OF APPROVAL: KEEP?

17	A9 Letters and replies (v5: "later") built	☐ Yes	☐ No
18	A13 Delay and EOT (v5: "not now") built	☐ Yes	☐ No
19	D13–D15 as the spec recommends: the index quotes clauses word for word, an addendum's clause is shown first with the old one marked superseded, and only the contractor's team sees the index built	☐ Yes	☐ No
20	Build the Tender vs IFC deviations agent?	☐ Yes	☐ No

SETTINGS AND ACCESS

21	Alerts at 3 days held, 20 held on one project, 80% storage (D5)?	☐ Yes	☐ No
22	Give us Azure access to switch on Blob storage on the live server?	☐ Yes	☐ No
23	Will you send tools/gen-app.mjs? No = you carry the new menu entries into dashboard-design.html	☐ Yes	☐ No
24	Is LOGIN_TEST_CODE switched off on the live server?	☐ Yes	☐ No
